

- **Title:** Implementation of the Federal Performance Management Requirements: Current Status and Next Steps
- **Date and Time:** Tuesday, May 22, 2018 from 8:00am to 12:00pm
- **Description:** This mini-peer exchange addressing the federal performance management requirements will give state DOTs an opportunity to share their experiences to date in implementing the new federal performance management regulations. With state DOTs having developed their asset management plans by April 2018, set initial performance targets by May 2018, and shifting to a performance-based planning process, now is a good time to assess what has gone well, where we are going next, and what needs to change. The session will cover the various aspects of the federal performance management provisions including data collection, target establishment, reporting, and planning.

This mini-peer exchange is part of a multi-part series AASHTO is sponsoring at various events and through different venues to facilitate a broad conversation about the federal performance management requirements. For more information please visit <http://www.tpm-portal.com>.

- **Schedule**
 - 8:00-8:15 Introduction
 - Welcome and Overview (Russell McMurry, Georgia DOT)
 - AASHTO Update (Matthew Hardy, AASHTO)
 - FHWA Update (Pete Stephanos, FHWA)
 - 8:15-9:00 Data Collection and Analysis
 - Iowa DOT (John Selmer)
 - Discussion
 - 9:00-9:45 Target Establishment
 - Tennessee DOT (Patsy Mimms)
 - Discussion
 - 9:45-10:00 Break
 - 10:00-10:45 Reporting of Information and Data
 - FHWA (Pete Stephanos, FHWA)
