

The Agency Capability Building Portal is a one-stop shop for the latest information, tools, and other resources to support transportation agencies' organizational needs.

This online platform allows practitioners to easily access the tools and work products developed through [NCHRP Project 20-24\(95\)A: Ensuring Essential Capability for the Future Transportation Agency](#).

[NCHRP Project 20-44\(40\): Implementing the Agency Capability Building Framework to Activate Organizational Change](#) is promoting dissemination and use of the ACB products, delivering pilots, case studies, and a workshop to demonstrate its use, and continuing to build the resource base over time.

The Agency Capability Building Web Portal is available today!

The Agency Capability Building Portal (ACB Portal) provides an integrated set of guidance and tools including:

- Library – A repository of capability building research and other documents
- Agency Examples – A curated set of actual agency products (e.g. onboarding materials, policy documents)
- Job Descriptions – A directory of sample job descriptions and listings from peer agencies to strengthen human capital within your agency
- Events – A calendar with information on relevant events for practitioners

Submit a Resource

The ACB Portal includes a library of relevant research, practice examples, a calendar of upcoming events, job descriptions, and tools to help agencies build capabilities. Enhance this content and help your peers by submitting a resource: <https://www.agencycapability.com/submit-a-resource/>

Submit a Scenario

The ACB Portal uses scenarios to define specific business challenges and allow users to access relevant guidance and resources. Help us improve the site by submitting your own scenarios for inclusion on the site:
